Year-to-Year Trail Counts along the Appomattox River Trail

Volunteers were stationed along 5 sites along the Appomattox River Trail for 2 days in the spring and 2 days in the fall. When available, volunteers counted in 2 shifts from 10 am – 12 pm and 5 pm – 7 pm. Weather was comparable for all the dates and times, being clear and pleasant. The counts conducted were screenline **counts of trail use only, NOT park use**. This means every trail user that passed by the volunteer was counted, no matter how many times they passed by the volunteer counter. Park users who did not pass the volunteer counters were not counted. This type of data indicates the volume of use along a trail and is conducted in the same manner as car traffic studies.

TRAIL SPRING & FALL COUNTS 2019

VOLUNTEER TRAIL COUNTS OCCURRING ON MAY 16 AND 18 AND SEPTEMBER 19 AND 21
FROM 10 AM – 12 PM AND 5 PM - 7 PM
